

Bridge Course

Bridge courses are conducted for the newly admitted first year students before the commencement of the first semester classes. Students from various streams and various boards enter into higher education. Bridge courses lay a foundation for the students from rural background and brush up their academic knowledge.

All the first-year students are welcomed and introduced through the First Year Reopening Inauguration function. On 20-06-2016 first year classes were started. All the HODs and Principal of GAC addressed the gathering.

Bridge courses are conducted for one week on various subjects for the newly admitted first-year students. For the students Basic English Grammar has been taught from the basics. The syllabus on computer science covers the following topics related to **How to use Technology?**

The topics include

- Basics of Internet and E-Mail
- How to search in Internet
- How to do research in Internet and Plagiarism
- Social Websites – Merits and Demerits
